Dear Sir,

Sub : Recognition of Sections A & B of the Institution Examinations

Reference your letter No 158 dated 5th September 1957, we are glad to inform you that the Associated Cement Companies have agreed to recognise the Associate Membership Examinations in Sections A & B of the Institution as equivalent to a degree in Engineering from a recognised college for entry in the company's service. We are sorry this information could not be communicated to you before the 30th September 1957 as indicated in your letter because the matter had to be taken up with the Management for getting the necessary recognition which had not been previously taken up with them.

Yours faithfully,  
Sd/-
