Dear Mr Gangadhar Korambeth

Thank you for the application for an assessment of your engineering qualifications, and for the Competency Demonstration Report (CDR) you have provided.

I am pleased to advise that the competencies you have demonstrated taken in conjunction with your qualifications from The Institution of Engineers (India) awarded in May 1992 have been assessed as meeting the current academic requirement for standing as a Professional Engineer in Australia.

The appropriate occupational classification in your case for migration purposes is Electronics Engineer ASCO 2125-13.

Yours sincerely
