Dear Sir,

I write to acknowledge the receipt of your letter of the 15th May, from which I note with interest that Mr. M.P. Apte, an Associate Member of The institution of Engineers (India) will be visiting the United Kingdom and the Continent on a tour of inspection of constructional works.

In reply, I would say that any facilities or assistance this Institution can give Mr. Apte during his stay in this country will be gladly rendered.

It is noted that you have given Mr. Apte a letter of introduction to me and I am instructing the staff in our Reception Office here to look after him when he calls.

Yours sincerely
