Dear Sir,

With reference to your letter No. 158/00494 dated September 5, 1957, I would inform you that no formal recognition has been given to the passing of sections A and B of the Institution examinations as being equivalent to a degree for the purpose of employment in this firm, as the matter, so far, has not arisen.

If in future a candidate with such qualifications applies for a post for which an engineering degree of an Indian University is specified, he will be duly considered.

Yours faithfully,
