Dear Sir,

With reference to your letter no: 158/00513 dated 4th September, 1957, we would advise that passing of Sections A & B of the Associate Membership Examination of your Institution is treated as equivalent to an Engineering Degree examination of an Indian University in our Organisation.

Yours faithfully,
For Hindustan Cables (P) Limited

Secretary
The Institution of Engineers (India)

Dear Mr. Nagrani,

I am extremely sorry for not having replied to your letter No. BCT/158 dated 3rd July, 1972. It is true that in our advertisements for engineers we do not specifically mention AMIE as a qualification for applying to our posts. However, when we state a minimum qualification as a degree in engineering we also mean an appropriate equivalent which can cover the Institute's qualification. I might however add that it is not the qualification one which goes to determine the candidates' suitability for the job. Qualifications supplemented by suitable job experience and personal qualities add up to the total requirement of the job.

I hope we have made our position quite clear

Yours faithfully,
